**that the agenda be approved with the addition of:**  
**8(j) CAC in May**  
**10(2) Legal Contract**

**PRESENTATION**

**(a) Frances Schagen, Hub Kentville**

Frances Schagen noted that she is a member of the committee proposing that a “hub” be created in the town of Kentville for the purpose of providing an environment in which small business owners can benefit from sharing pooled equipment and services. Currently Hubs exist globally and although the Hub Kentville (under the umbrella of Hub Annapolis Valley) did have a brief start, circumstances required that it be shut down temporarily. She is hoping that with greater community support, it can be resurrected.

Approved by Council – May 13, 2013

---

Some points from her presentation were:

- Co-working spaces bring people together in a business community.
- Shared resources, such as ideas, expertise, spaces, printers, and other equipment equal collaborative consumption and greater inspiration.
- Events can be added to the Hub environment, with things like Lunch and Learns, Café Series and workshops.
- The Kentville Hub operated for 2 months at the United Church and offered the Lean Startup Conference TedX of NS. The Hub group met with KDCL for a vision session.
- Space is not a problem here in the Valley compared to large centres and niche startup opportunities exist.
- Kentville is a business and professional town and is the ideal location for a Hub.
- The next project will involve Lean Start Up initiatives.

**APPROVAL OF THE MINUTES**

**(a) Minutes of January 14, 2013**

It was moved by Councilor Tony Bentley and seconded by Councilor Bernie Cooper

**that the Minutes of March 4, 2013 be approved as circulated.**

**MOTION CARRIED**

**BUSINESS ARISING FROM MINUTES/OLD BUSINESS**

**(a) Parking Study**

CAO Phillips noted that Fred Whynot, the Town’s Engineer reported that as part of the parking review process, the need for longer-term parking for customers in the downtown area was identified. He therefore proposed that the current 2 hour parking spaces in the downtown be changed to 3 hours, upon the approval of the Minister of Transportation. Section 152 of the Motor Vehicle Act would need to be changed and appropriate publication will be required. He recommended that this process be initiated as a way of addressing some complaints about parking.

Therefore, it was moved by Councilor Eric Bolland and seconded by Councilor Bernie Cooper

***Recommendation to Town Council***

**that a recommendation be made to Town Council that direction be given to the Traffic Authority to request approval of 3 hour parking spaces within the Town of Kentville from the Minister of Transportation, and to publish any approval in the Royal Gazette and twice in the local newspaper.**

**MOTION CARRIED**

Points from Discussion

---

- 
- This would mean that there would be no 2 hour parking in Kentville – just all day parking, 3 hour parking and the occasional 15 minute spots.
  - There was a request from the New Horizons Club to have some all-day parking on Wednesdays to accommodate the needs of those who have difficulty walking long distances.

Schedule D (Sanitary Sewer Area Services) is also not included at this time, and although Schedules E and F (Perpetual Investment Fund) are also not included, the year-end position of this fund will be reviewed by the committee later in April. **MOTION CARRIED**

**(2) CPI Salary Increases**

Director Crowell noted that a CPI factor is based on the average CPI for the Province for the period March of the prior year to February of the current year, as posted by Statistics Canada. As such, the average cost of living is 1.7%, and in accordance with the Town’s Personnel and Policy Manual, she recommended that consideration be made for a salary increase in that amount.

It was moved by Councilor Bernie Cooper and seconded by Councilor Tony Bentley

*Recommendation to*

**MOTION CARRIED**

Points from Discussion

- The Police Dept. (APA members) received 3.5 % for cost of living increases, and CUPE received 3.25 %.
- This recommendation is often reviewed during budget deliberations, and if possible, some adjustments made to bring the amounts for non-bargaining and bargaining employees a little closer together.

Town Council***

**that a recommendation be made to Town Council to approve the attached resolution for Pre-approval of Debenture Issuance for various purposes, in the amount of \$620,200.**

**MOTION CARRIED**

Points from Discussion

- The borrowing rate is not expected to exceed 5.5%, (and is based on the highest possible rate) and most likely would be 2 to 3 %. This will be priced at the end of April and will be determined then.

**(4) Tax Exemption – Section 69-2013/2014**

Director Crowell reported that each year the Town provides a partial tax exemption to individual property owners who meet certain requirements as defined in Section 69 of the MGA. She provided an analysis of the exemptions over the years and noted that applications will be sent to those individuals who have received an exemption in the previous year.

Therefore, it was moved by Councilor Eric Bolland and seconded by Councilor Bernie Cooper

**that the report from the Director of Planning and**

---

**MOTION CARRIED**

Points from Discussion

- The contact with Mr. Mutch has not been done in a timely matter, as other options were being explored so as to avoid unnecessary costs to both the Town and the home owner.

**NEW BUSINESS**

**(a) KDCL Report on Funding Request**

CAO Phillips reported that a presentation has been made to Council, following which a meeting was arranged between CAO Phillips and members of KDCL. From the survey, there was a good response in support of this organization and a report will include some explanations regarding the role this organization will play and the issues it will address.

He is suggesting a financial model of \$130,000 and proposing a support formula. (There are 3 streams of funding - the business community, residential community and the Town of Kentville.) Staff will discuss these in greater detail and a full report with a recommendation will be forthcoming.

The MGA states that municipal units can set area rates, but does not set out specifics on how this would be done, nor demand Ministerial approval. A fire area rate is in place and provides a good template which can be referenced.

**(b)Yard Sale Bylaw**

Director Bev Gentlemen noted that in some areas of Town, residents having yard sales, leave their sale articles on display for extended lengths of time, sometimes covering the items with a tarp during inclement weather. This has drawn complaints from area residents.

Therefore, in response, staff has reviewed the Town’s Vending Bylaw as it relates to yard sales, however, in doing so, has learned that this document is a bit ambiguous in the area of yard sales. Further, the definition of a yard sale and its operation do not conform to other vending types of activities, and therefore, in consultation with the Town’s solicitor, it was thought that a stand-alone bylaw should address this specific issue. Subsequently, a

Approved by Council – May 13, 2013

---

draft bylaw was prepared. Director Gentleman reviewed the content of this new draft bylaw and recommended that it be adopted.

It was moved by Councilor Bernie Cooper and seconded by Councilor Tony Bentley

***Recommendation to  
Town Council***

**that a recommendation be made to Town Council that First Reading be given to adopt Chapter 93 – Yard Sale Bylaw.**

**MOTION CARRIED**

Points from Discussion

- Yard sales restricted to only weekends and during holidays would help to eliminate some traffic issues that may become compounded during the week because of business traffic.
- The selling of yard sale items at locations, other than at the seller’s home, will not be allowed under this document.
- Yard sale items would be surplus household items.
- Staff has tried to provide some lenience with the situation on Canaan Avenue, but a yard sale scenario and a vending scenario are not the “right tools” to address that particular situation. It is a home occupation by description and should full under the Town’s Land Use Bylaw.
- This Yard Sale bylaw was created to address several areas of concern throughout Town, although would not apply to the resident on Canaan Avenue.

**(c) Chapter 94 – Vending Bylaw**

Director Gentleman also noted that as a result of the creation of the Yard Sale Bylaw and its pending approval, several areas of the Town’s current Vending Bylaw (Chapter 71) required amendments. As these areas of revision were quite extensive, a new bylaw was created to replace the previous one. In this, all references to yard sales were deleted.

She noted that with the adoption of Chapter 94, Chapter 71 would be simultaneously repealed, and therefore, she recommended that the adoption process be undertaken.

Therefore, it was moved by Deputy Mayor Mark Pearl and seconded by Councilor Eric Bolland

**that a recommendation be made to Town Council that First Reading be given to adopt Chapter 94-Vending Bylaw.**

Following discussion, it was moved by Councilor Nola Folker-Hill

Approved by Council – May 13, 2013

---

and seconded by Councilor Eric Bolland

**that this issue be tabled until the next meeting of CAC.**

**MOTION CARRIED**

Points from Discussion

- The areas indicated as permissible for vending operations, are by intention, closely related to the commercial areas.
- There are situations where some sales (i.e. lemonade stands) have not been considered.
- If the Vending Bylaw were to proceed forward, the earliest it could come into effect would be mid-July.
- The Director of Planning and the solicitor will review this document.

**(d) KVFD 2013-14 Operating Budget**

CAO Phillips reported that revenue for fire fighting has been reduced, as have expenses, therefore, creating a balanced budget. This budget is shared between the Town and the County of Kings

He added that this \$631,600 budget reflects an overall reduction of 2.1% and that Kentville's share at \$218,000, reflects a reduction of 6.4%

Therefore, following a review of the budget in further detail, it was moved by Councilor Bill Boyd and seconded by Councilor Bernie Cooper

***Recommendation to  
Town Council***

**that a recommendation be made to Town Council that it support the KVFD's Fire Fighting Operating Budget 2013-2014 in the amount of \$631,600.**

**MOTION CARRIED**

**(e) KVFD Area Rate Budget**

CAO Phillips reported that the Area Rate Budget is proposing revenue at \$511,000; expenses are proposed at \$511,000; and with the funding formula, the Town will be responsible for \$163,500 for the year 2013-14. This issue will be brought back to the next meeting of CAC, following the KVFD area rate meeting. There is a reduction of 1 cent.

**MOTION CARRIED**

**(g) Policy G22 – Economic and Community Development Policy, Policy 17 – Tax Bills and Policy Statement 6 – Sale of Assets**

Clerk Harmes submitted a report in which she noted that Policy G22 serves no purpose as concurred by the Community Development Coordinator. She proposed it be repealed.

Therefore, it was moved by Councilor Eric Bolland and seconded by Councilor Tony Bentley

***Recommendation to  
Town Council***

**that a recommendation be made to Town Council that Policy G22 – Economic and Community Development be rescinded.**

**MOTION CARRIED**

Clerk Harmes further noted that she has discussed the relevance of Policy 6– Sale of Assets with the Finance Director and both agree that it serves no purpose at this time.

Therefore, it was moved by Councilor Eric Bolland and seconded by Councilor Tony Bentley

***Recommendation to  
Town Council***

**that a recommendation be made to Town Council that Policy 6 – Sale of Assets be rescinded.**

**MOTION CARRIED**

Lastly, Clerk Harmes noted that Policy 17 – Tax Bills also serves no purpose, as agreed by Director Crowell.

Therefore, it was moved by Councilor Eric Bolland and seconded by Councilor Tony Bentley

Town Council***

**that a recommendation be made to Town Council that Policy 17 – Tax Bills be rescinded.**

Clerk Harmes asked for Council feedback and any further ideas that they may have.

**(i) Student Bursary Program**

Town Clerk Carol Harmes noted that work has begun on the Student Bursary Program which sees the Town donating \$2000 in bursaries to a Kentville student. She noted that this disbursement can be made to one individual or to as many as four, and attached the policy and criteria that relates to the program.

She asked for a volunteer to sit on the Selection Committee.
