

OBSTRUCTION DURING SNOW REMOVAL OPERATIONS

The Town of Kentville wishes to remind its residents that during the snow removal season, November 1st through March 31st, objects such as hockey nets, basketball nets, soccer nets, etc. must be stored outside of the road right of way at all times. The road right of way width behind your side of the curb is generally 10 feet. The overall road right of way width is a minimum 50 feet.

This precaution is to avoid damage to both personal property and the snow removal fleet of the Town of Kentville. Any damage to fleet vehicles by objects left within the road right of way will be the responsibility of the property owner. Although we will exercise caution as much as possible, the Town of Kentville will not be responsible for any damage to personal property left within the road right of way during snow removal operations.

The Town of Kentville apologizes for any inconvenience that this may cause. We would also like to take this opportunity to wish everyone a safe Winter Season.
