(2) Chapter 57 Trail Use By-Law Amendment

Councillor Cate Savage reported that at the November 14th, 2017 meeting of Council Advisory Committee, Community Coordinator Julia Stephenson noted that *Chapter 57- Trail Use By-Law* had not been updated since November 2000, and there is a need to amend this By-Law to promote trail use and safety in Kentville.

Therefore, it was moved by Councillor Cate Savage and seconded by Councillor Cathy Maxwell

that bicycles, push scooters, skateboards and rollerblades are permitted on the Kentville Rail Trail. Motorized wheeled devices (including; motorized skateboards and scooters, electric-assisted bikes, hoverboards and Segways), excluding those used for mobility (i.e. motorized wheelchairs), are not permitted on the trail. The suggested language moves towards capturing the intent of the trails network-to increase active transportation and recreation as that grows and evolves, rather than trying to compile an exhaustive list of activities. The new language also creates more flexibility for motorized vehicles.

and further

that the proposed language changes to Chapter 57 – Trail Use By-Law be adopted:

that the *definition of 2(f) “Mobility Aid”* means a device designed to improve the mobility of a person with a mobility impairment. Mobility aids include motorized scooters and wheelchairs.

Use of the Trail

5. The Trail may be used for any purpose except a prohibited use described in sections 6 and 7, and may be used for all non-motorized forms of active transportation and recreation.

Prohibited Uses

6. No person shall enter upon or use the Trail for the following prohibited uses:

- (a) Horse Riding**
- (b) Dog Sledding**
